*There are currently no couples competitions at these levels. Couples competing in Basic Novice level competitions and above can claim missing lower level tests on achieving the requisite scores.

NB: Levels Beginner – 7 are judged without Key points. Level 7 PD is judged with Key points.

Scores for competitive test may be achieved in,

a) All NISA permitted Open competitions and Championships using the current Generic Criteria, Solo Dance Series Criteria or ISU criteria for the season. Some restrictions on rink sizes below 56 m x 26 m will apply.

b) International Competitions and Championships using the ISU criteria for the season and where the majority of both the Technical panel and Judging panel are drawn from the ISU Officials list for the season.

c) Candidates applying for tests must already hold at least one segment (Elements / Free , Pattern Dance/ Short Dance / Free Dance) of the discipline at the level below the test they are applying for. In the event they only hold one of the segments at the lower level on gaining the higher test they will be credited with and required to pay for the missing segment at the lower level. The only exceptions being overseas skater entering the UK Test System and skaters of Advanced Novice Level and above transferring from another discipline. In both cases the Technical Directors approval is required.

d) The new level 8 & 9 tests are equivalent to the Old Advanced Novice and Junior Competitive Tests respectively.
